**Gate 1 Submissions for UU Sources and Vyrnwy Aqueduct Strategic Resource Options (SROs)**

Dear Paul

Please find enclosed United Utilities' Gate 1 submissions for the UU Sources and Vyrnwy Aqueduct strategic regional resource options. We are proposing that work on these schemes should continue to Gate 2 in order to further explore the potential value that they could offer in serving customers and the environment. We have provided our submissions in line with the format set out by RAPID and, following Board approval, we have also included the respective Board assurance statements.

Thank you to yourself and the team at RAPID for your engagement to date and we look forward to continuing to work with you on these schemes as they progress. We anticipate that there may be some further queries or requests for information following our submission. In this case, in order to ensure that we can respond promptly, we would ask that all queries are directed to the following mailbox, which will be regularly checked: [WaterTransfer@uuplc.co.uk](mailto:WaterTransfer@uuplc.co.uk).

Yours sincerely

Steve Mogford  
Chief Executive Officer
